

## Michigan Community Health Worker Alliance (MiCHWA)

### PARTNER ORGANIZATION GUIDELINES

#### Committing as one of MiCHWA's Partners

MiCHWA does not require formal membership for individuals or for organizations. We do, however, value the contributions and commitments of organizations willing to be listed as formal partners.

#### Partner Organization Criteria

- **Support** MiCHWA's mission statement, goals, and guiding principles and be willing to partner with other members toward activities that support them
- **Support** community health worker practice as an agency
- **Participate** in a working group, on the Steering Committee, or in MiCHWA events when possible
- **Coordinate** with your agency or organization when endorsements, informal sponsorship of MiCHWA events, or other support is needed by MiCHWA of your larger organizational body
- **Provide your logo** to be posted on MiCHWA's website and used on MiCHWA's "About Us" documentation materials; you will be listed as a "partner organization"

Being a formal partner does NOT require...

- **Monetary donations** of any kind
- **Participation on MiCHWA's Steering Committee**, though the Steering Committee is always interested in gaining additional members

MiCHWA is happy to provide its logo for your use based on need. Please contact MiCHWA's Project Coordinator Katherine Mitchell for more information: [mitchkl@umich.edu](mailto:mitchkl@umich.edu).
